Hi Judith- I hope you are well. I've been out on vacation. . .

If we can do the meeting sooner than that it would be great considering the aggressive schedule with the problem formulation document. Is that possible? Maybe shortly after Labor Day? I will soon send a follow-up message on chlor-alkali.

Thanks.

-Robert

Subject: Meeting Request

Dear Robert,

Hello from balmy but beautiful Louisiana.

Chemours and their gasket supplier would like to meet with you and your team to discuss their processes. Would you and your team be available September 20? We are developing a narrative and hopefully an infographic much like we prepared for the C/A process.

Thanks a million,

Judith
